

# MULTI-PURPOSE WATER HOSE

Water

G301 Utility Water is found in several markets under different "aliases". Its excellent temperature range, weathering resistance, and economic price make it a popular choice for many applications, such as car heater hose and dishwasher drain hose. Utility Water is most often sold in pre-cut lengths in boxes for easy storage and dispensing. However, it is also available in long lengths on reels.

## G301... UTILITY WATER

**Tube:** Black, heat, and mild-chemical resistant EPDM rubber.  
**Reinforcement:** Two spirals of synthetic spiralled yarn  
**Cover:** Smooth, black, heat, abrasion and weather resistant EPDM rubber.  
**Temperature Range:** -40°C (-40°F) to 100°C (212°F) continuous, 125°C (257°F) intermittent.

G301

I.D.	Part Number	O.D.	Working Pressure	Weight per ft	PRICE PER FOOT Cut	Reel	Approx Reel Length
1/2"	G301-050	0.81"	50 psi	0.16 lb	\$1.35	\$1.15	700 ft
5/8"	G301-063	0.88"	35	0.20	1.50	1.26	700
3/4"	G301-075	1.03"	31	0.23	1.90	1.65	700

### Boxed Lengths

I.D.	Length	Part Number	Weight Each	PRICE EACH
1/2"	50 ft	G301-050X50FT	8.3 lb	\$57.50
5/8"	50	G301-063X50FT	10.3	63.00
3/4"	50	G301-075X50FT	11.8	82.50

G311 and G322 Industrial Water are rugged hoses capable of handling most washdown and water conveying applications. While G311 offers a lightweight, two-spiral construction, G322 is a four-spiral hose for extra kink resistance and working pressure. These hoses are also used for low-pressure agricultural spray applications.

## G311 & G322... INDUSTRIAL WATER

**Tube:** Black, heat, and mild-chemical resistant EPDM rubber.  
**Reinforcement:** Two or four spirals of synthetic spiralled yarn.  
**Cover:** Smooth, black, heat, abrasion and weather resistant EPDM rubber.  
**Temperature Range:** -40°C (-40°F) to 100°C (212°F)

G311 & 322

I.D.	Part Number	O.D.	Working Pressure	Weight per ft	PRICE PER FOOT Cut	1500ft Box* Reel	Approx Reel Length
3/8"	G311-038	0.69"	200 psi	0.15 lb	\$1.35	\$1.05	700 ft
