

ENDURO 2000™ APRON

- Unique combination of characteristics that outperform traditional materials such as neoprene, nitrile and vinyl
- Lighter and strong
- Exceptionally resistant to abrasions, chemicals, and deterioration from oils and fats
- Soft, easy to clean, comfortable
- Remains flexible in cold temperatures
- Environmentally friendly. Can be buried or incinerated without harm to the environment

APPLICATIONS

- Food processing
- Laboratories
- Cleanrooms
- Chemical processing
- Pharmaceutical
- Janitorial
