

MOUNTED WIRE BRUSHES FOR DIE GRINDERS

These brushes are made from highest industrial quality wire with optimum density for fast material removal and longest life. They are perfectly balanced for vibration free running. Shanks must be fully inserted into the collet and firmly secured. 1/4" shaft.

- ✓ Crimped wire is for general surface cleaning, rust, scale and paint removal, etc.
- ✓ Color coded hubs for easy identification

- ✓ Knot-twisted wire is for heavy duty brushing like deburring, removing heavy rust and corrosion, etc.
- ✓ Color coded hubs for easy identification
