The Ax™ with Carbide Teeth, engineered to deliver long life in the toughest applications while being the fastest carbide-tipped recip saw blades on the market. These new blades will deliver 30X longer life over standard bi-metal blades and 2X faster cutting than other carbide blades. The Ax with Carbide Teeth features optimized carbide tipping technology that delivers extreme life. A fast, aggressive 5 TPI blade design allows for the fastest cutting in nail-embedded wood and a wide range of residential material. In addition, The Ax with Carbide Teeth will feature Milwaukee patented features Nail Guard™ and Fang Tip™. Nail Guard allows the user to Rip Nails Not Teeth, delivering extreme durability. The Fang Tip™ provides the fastest plunging on any wood cutting blade on the market. The Ax with Carbide Teeth is optimized for Cordless Recip Saws delivering over 25% more cuts per charge.
