

## DESCRIPTION

The Caretaker LED dusk-to-dawn area and site luminaire combines high performance, low maintenance and easy installation in a simple, extremely economical package. Designed for years of worry-free operation, the Caretaker luminaire is the perfect area lighting solution for both full-cutoff needs or landmark applications where a highly visible light source is desired.

## SPECIFICATION FEATURES

### Construction

Cast-aluminum housing and door. Access is via a single captive screw; tool-less access option available. Hinged removable power tray door for easy maintenance.

### Optical

Injection-molded optics available in two full-cutoff distributions with wide, uniform light delivery. Fully compatible with standard NEMA refractor/reflector assemblies. 4000K CCT, minimum 70 CRI standard.

### Electrical

LED driver mounted to removable die-cast aluminum door. 120V/60Hz operation. 6kV surge protection

standard. 10kV/10kA UL 1449 common- and differential-mode surge protection device optional. Thermal management transfers heat rapidly away from the LED light source for optimal efficiency, light output and life. Three-position tunnel-type compression terminal block. 83% lumen maintenance expected at 36,000 hours. LED module is IP66 enclosure rated.

### Mounting

Two-bolt slipfitter for mounting on 1-1/4" to 2" standard pipe (1-5/8" to 2-3/8" O.D.). Also available with a bracket for mounting to wood poles or walls without a pipe.

### Finish

Unfinished raw aluminum standard. Optional five-stage super TGIC polyester powder coat paint, 2.5-mil nominal thickness for superior protection against fade and wear. Consult your Eaton's Cooper Lighting business representative for a complete selection of standard colors.

### Warranty

Five-year warranty.

## CRTK-A CARETAKER LED
