

METER, CABLE LENGTH (CLM-1000)

Cable Length Meter for AWG / kcmil wire and cable

Cat No: 52067351

UPC No: 783310027195

Description

- Measures these AWG wire gages: 18, 16, 14, 12, 10, 8, 6, 4, 2, 1/0, 2/0, 3/0, 4/0
- Measures these kcmil wire sizes: 250, 350, 400, 500, 600, 750, 1000
- Eight user-programmable settings for other gages
- Powered by (6) 1.5V AA batteries
- Replacement calibration rods (pair) available as CLM-ROD, UPC 02721
- Replacement Kelvin clips (pair) available as CLM-CLIPS, UPC 02722

Specifications

- Application : Use to measure the length of insulated copper or aluminum conductors on a spool, and to measure low resistance values.
- Display : 4-1/2 digit LCD
- Resistance Range : 199.99 milliohms to 1999.9 ohms in 5 ranges
- Voltage Rating : Not intended for connection to live voltage
