Description

Not all disposable nitrile gloves are created equal. The original N-DEX® by Best continues its revolutionary ways since its introduction in 1992 as the world's first 100 percent nitrile, non-Latex disposable glove. Manufactured by Best with a patented low modulus formulation, N-DEX provides automotive, dental, EMS, food handling and processing, healthcare, lab, and pharmaceutical professionals unmatched dexterity and a significant reduction in hand fatigue. Available in either a lightly powdered style for easy donning and doffing or a powder-free version, ideal for food handling and packaging, the N-DEX Original remains a tough act to beat.

Suggested Applications

- Laboratory
- Automotive Maintenance
- Painting
- Crime Scene Investigation
- Military Applications
- Food Handling
- Automotive Repair
- Janitorial
- Electronic Applications
- Law Enforcement
