

RACK-A-TIERS[®]

SPECIALTY ELECTRICAL TOOLS

Introducing: **The Laserline Kit**

The ultimate, labor saving installation tool for shooting line up over a t-bar ceiling or other structure.

Part# 83000

Features

- Accurately install a pull line up to 200ft
- Cuts labor costs and improves production
- Ability to span over heavy and hard to move objects found in many commercial structures
- Replacement line and darts available

The Laserline Kit includes 1 gun, 2 spools of line (1200 ft each), 2 darts, and 2 CO2 cartridges.
