X50

3M™ DBI-SALA® ExoFit™ X50 Safety Harnesses

Engineered for durability, simplicity and reliability.

The 3M™ DBI-SALA® ExoFit™ X50 Harness delivers the trusted dependability of Delta with the innovation and usability of the X-Series. With straightforward features and a user-friendly design, the 3M™ DBI-SALA® X50 makes safety accessible to all workers at height.

New self-locking dorsal pad minimizes the d-ring from sliding down user's back

Integrated easy-link SRL adapter lets you quickly and easily connect and disconnect pin style personal SRLs

New high-visibility yellow-green color for enhanced on-site visibility

Triangle design

3M™ Connected Safety ID and protected labels

Construction style harnesses are available with rigid body belt and comfort hip pad

Integrated suspension trauma straps come equipped with DBI-SALA® ExoFit™ harnesses

Auto-resetting lanyard keepers for fast and easy parking of snap hooks and carabiner

Quick connect chest connector requires little effort to make a secure and reliable connection

Revolver torso adjusters: locks webbing into place to maintain a comfortable and safe harness fit
