

Quality Products. Service Excellence.

Cable Ladder Rack *CL Series*

For high-capacity applications in data centres, telecom rooms, and any other densely cabled facilities, the Hammond Cable Ladder (CL Series) is ideal. Although the CL series is intended to mount to Hammond rack mounting products, it may also be mounted on existing racks and cabinets.

Features

- Manufactured using 16 gauge tube steel for the ladder tray.
- Both horizontal and vertical mounting is possible with add-on accessories listed below.
- Mounting hardware is sold separately.
- Offered in 12" and 18" widths.
- Smooth RAL9005 black powder paint finish.
- TAA-compliant for GSA Schedule purchases.
- RoHS Compliant.
- Manufactured in North America.
