

Non-Contact Voltage Testers

NCVT-1

CAT IV 1000V
UL LISTED
CE

The **NCVT-1** detects standard voltage (48-1000V AC) in cables, cords, circuit breakers, lighting fixtures, switches, outlets and wires.

NCVT-2

CAT IV 1000V
UL LISTED
CE

12-48V AC
DUAL RANGE
48-1000V AC

The dual-range **NCVT-2** detects low voltage (12-48V AC) in addition to standard voltage, and is perfect for use in security, entertainment, communications, environmental control and irrigation systems.

NCVT-3

CAT IV 1000V
ETL Intertek
UL LISTED
CE

The **NCVT-3** detects 12-1000V AC and includes a bright LED flashlight that illuminates dark or dimly-lit work areas. Rated IP67: dustproof/waterproof, it can withstand a 6.6 ft. (2m) drop.

Receptacle Testers

Designed to detect the most common wiring problems! The **RT110** instantly diagnoses common wiring faults in standard grounded outlets, while the **RT210** works with both standard and GFCI (ground fault circuit interrupter) outlets.

UL LISTED
CE

Conditions indicated:
Wiring correct, open ground, reverse polarity, open hot, open neutral, hot/ground reversed.

RT110

RT210

Accessories

Replacement Test Leads

Compatible with all Klein meters and most other brands. Includes screw-on alligator clips. Safety rating: CAT IV 600V, CAT III 1000V.

69410
Right-Angle

69418
Straight

Line Splitter 10x 69409

Allows the measuring of current draw up to 15A without having to split the load's power cord. For use with all Klein clamp meters.

Magnetic Hanger
69417

For use with Klein Tools MM300, MM400, MM600 and MM700 multimeters and CL600, CL700 and CL800 clamp meters.

Magnetic Hanger
69190

For use with previous-generation Klein Tools multimeters MM1000, MM1300, MM2000 and MM2300.

Carrying Case
69401

Practical pouch for use with Klein meters and other small tools. Constructed of 600 denier polyester, with heavy duty zipper. 4 x 9-1/4 x 2-1/2" (102 x 235 x 57 mm)

Test Kits

Electrical Test Kit
69149

Easy-to-use kit to diagnose electrical problems quickly.

Kit includes: MM300 Digital Multimeter, NCVT-1 Non-Contact Voltage Tester, RT105 Receptacle Tester, test leads and batteries.

ETL Intertek
UL LISTED
CE

Electrical Maintenance & Test Kit
CL110KIT

The CL110 is an auto-ranging digital clamp meter that measures AC current via the clamp, and AC/DC voltage, resistance and continuity via test leads.

Kit includes: CL110 Digital Clamp Meter, 69409 10x Line Splitter, RT210 GFCI Receptacle Tester, test leads, batteries and carrying case.
