

Wiremold
STL EXTRA DEEP DEVICE BOX 2G 2400 I
Part No. CV2444-2

2400® Series Raceway is a single compartment raceway designed for communication or power applications and ideal for use in classrooms, offices, and hotel applications, or anywhere a small low profile raceway is needed. 2400D® Series Divided Raceway is a low profile steel raceway for use where a limited number of power and low voltage cables are required in the same raceway.

Features & Benefits

Two-gang device box with extra depth to allow installation of cabling that requires greater bend radius and storage. Cover has twistout on all four sides for 2400 Series Raceway.

Base has knockout to enable extension from existing single-gang flush wall box and 1/2" and 1" concentric trade size KOs. Accepts industry standard faceplates for electrical and communication devices.

NOTE: Accepts NEMA double-gang standard faceplates. Certified to Canadian Safety Standards for sale in Canada.

When ordering this product for Canada, add "C" to the beginning of the part number to denote Canadian versions, i.e. "CV2444" or "C2444-FW".
