

## F-Type Coaxial Connectors

F-Series Connectors utilize threaded couplings and cable conductors as contacts for CATV and other RF applications.

- Available in the three most popular styles, RG-6/6Q/59
- All brass design
- One-piece body design
- Crimp with the Crimpmaster™ 30-503 Crimp Tool

	Connector Type	Cable Type	Termination Type	Qty.	Cat. No.
	F	RG-6	Crimp	Card of 4	<b>84-017</b>
				Card of 10	<b>85-037</b>
				Card of 50	<b>85-017</b>
	F	RG-6 Quad	Crimp	Card of 10	<b>85-057</b>
				Card of 50	<b>85-030</b>
	F	RG-59	Crimp	Card of 4	<b>84-016</b>
				Card of 10	<b>85-036</b>

## Push-On F-Connectors RG-6 & RG-59

- No terminator tool required
- All brass nickel-plated construction
- Knurled nut for superior grip
- Designed for indoor use

F-Connector Type	Cable Type	Qty.	Cat. No.
	RG-6	Card of 4	<b>85-065</b>
	RG-6 Quad	Card of 4	<b>85-066</b>
	RG-59	Card of 4	<b>85-067</b>

## Connector Installation Tools

- Works on compression and hex connectors
- Comfort grip handle aids in installing and removing connectors on coax cable

35-046

F & BNC Coax Connector Tool - 8 in.	<b>35-046</b>
F & BNC Coax Connector Tool - 12 in.	<b>35-042</b>
F & BNC Coax Connector Tool - 16 in.	<b>35-043</b>

## Twist-On F-Connectors RG-6 & RG-59

- After cable is stripped, simply twist on connector
- No termination tool required
- Available in two styles, RG-6 and RG-59

Connector Type	Cable Type	Qty.	Cat. No.
F	RG-6	Card of 10	<b>85-053</b>
		Card of 50	<b>85-039</b>
F	RG-59	Card of 4	<b>84-018</b>
		Card of 10	<b>85-035</b>

## Coax Strip & Crimp Tool

- Precision, form-ground stripping holes remove outer jacket and insulation from RG-59 and RG-6 coaxial cable
- Durable blades cut copper-coated steel conductors
- Three crimping nests for crimping F-connectors and ring terminals
- Cushioned, comfort-grip handles
