Length	20-1/2"
Weight	2.6 lbs
Height	6-1/2"
Width	5-1/2"
Speed	3-Speed Electronic Switch
Max Air Flow	100 CFM (160 MPH)
Package Type	Tool-Only (No Battery or Charger Included)

Overview

The M18™ Compact Blower delivers the fastest jobsite cleanup. The 0884-20 offers a best in class power to size ratio. The M18™ Compact Blower has power control that includes a 3-speed electronic switch, lock-on and a variable speed trigger which allows for versatile clearing power. This blower moves air at 160 MPH and 100 CFM for class-leading performance.

Featuring a shock-absorbing polymer body and a crush resistant nozzle the M18™ Compact Blower delivers jobsite durability. Included is a 9" extension nozzle to clear dust and debris easily from the ground or overhead. The 0884-20 also comes with a universal inflator/deflator. Works with all Milwaukee® M18™ Batteries (batteries sold separately).
