- QUIK-LOK® Cord: 8-ft. 3-wire grounded rubber cord provides easy storage and field replacement

Specifications

Length	16-3/4"
Weight	10.3 lbs
Voltage	120V AC
Tool Warranty	5 Years
Cord Type	8' QUIK-LOK®
No Load RPM	0-500
Amps	7
Chuck Size	1/2"
Chuck Type	Keyed
Construction Type	Grounded
Gear Train	Quadruple
Soft Grip Handle	No
Spindle Lock	No

Overview

The perfect tool for stud and joist drilling – and a host of other applications. With a powerful Milwaukee-built motor and right angle drive head, the 1/2" D-Handle Right Angle Drill is flexible enough to handle a variety of applications. The powerful 7-amp motor delivers 0-500 RPM, so when combined with the two-speed head, you get 0-335 RPM on the low setting and 0-750 RPM on high. Helical-cut, heat treated gears deliver quiet

performance and extended tool life with wood, metal, plastics and composites.

The drill's head and handle swivel 360°, and there's a side handle for a secure grip and comfortable, controlled operation. The QUIK-LOK® cord detaches easily for storage or service replacement. This 1/2" D-handle Right Angle Drill comes in an impact-resistant carrying case, with a 9/16" open-end wrench and 3/16" socket wrench.
