

SHOWA
600

Impermeable for working in damp or greasy environments, SHOWA ATLAS 600 enables you to grip objects securely while staying flexible and providing a comfortable, extended wear.

[FEATURES

- Fully coated, extra coating over entire hand
- Rough finish over entire surface
- Seamless cotton knit
- Knit wrist
- Anatomical shape

[BENEFITS

- A flexible, soft glove that absorbs perspiration, for ultra comfortable extended wear and with good mechanical resistance
- Seals and protects the hand against chemicals while remaining flexible
- Impermeable for working in damp or greasy environments, enabling you to grip objects securely
- Designed for easy movement and continuous wear

[USER INSTRUCTIONS

Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light. Do not use where there are electrical, thermal or entanglement risks. Discard used gloves in compliance with local regulations. Permeation information does not reflect the actual duration of protection in the workplace due to other factors that may influence the performance. Store in a dry place, away from the light.

[DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
