Length	11.6"
Weight	1.1 lbs

Overview

The M18™ LED Stick Light features two light settings with three powerful LEDs. The high setting provides 300 Lumens and 140 Lux for maximum coverage and light output, while the Low setting provides 150 Lumens and 70 Lux for interior work where a brighter light may not be necessary. Designed for the jobsite and increased productivity, the stick light features a replaceable, impact resistant lens that is engineered to stand up to the toughest

work conditions, and two multi-position stainless steel hooks for hands free use. For added utility, a 45° pivoting head allows for 180° of versatile coverage.

TRUEVIEW™ High Definition Lighting utilizes the most advanced lighting technology to deliver true representation of colors, optimized color temperature, and even beam patterns all designed to improve productivity and safety.
