

## NEW PRODUCT SHOWCASE

## New Kwikon Single Gang Concrete Wall Boxes

**Fully assembled wall boxes that save valuable jobsite time and labour**

New Kwikon Single Gang Concrete Wall Boxes arrive on the jobsite fully assembled and ready to install. Say goodbye to wasted energy and time spent wrapping and taping product in preparation of the concrete pour. A Kwikon Concrete Wall Box arrives fully assembled with the hubs, protective poly film and single gang opening all installation ready.

Made of nonmetallic, non-conductive and non-corroding PVC, these fittings are durable, lightweight and highly engineered; perfect for the tough poured wall environment.

### FEATURES AND BENEFITS:

- Fully assembled and installation ready
- Perfectly suited for deep or shallow construction preferences
- Kwikon hubs do not protrude inside the box
- Concrete-tight poly film covering the box opening
