Deluxe Winter Lineman Glove, Double Weight Thinsulate™ Lined

#365DLXDTL

3M
Thinsulate™
INSULATION

-20°C
-4°F ❄️

These deluxe lineman gloves are made with select heavyweight 3½ oz grain horsehide leather that has been treated with Waterstop™ water-repellent treatment for excellent water, oil, and stain-repellent properties. (The soft, breathable qualities of the leather are not affected by this water-repellent treatment.) Other special features include our performance thumb/palm patch, which reinforces critical-wear areas with a double layer of leather. Sewn across the back of the leather cuffs are 3M Scotchlite™ retro-reflective silver strips for greater nighttime visibility. Sewn with Kevlar® thread for extra seam strength.

Napped poly jersey and G200 Thinsulate™ lined; that is double the weight of the lining in our standard winter Lineman's gloves. Yet glove is still dexterous. Fingers are fully sock lined. The lining wraps 360 degrees around each finger, with no insulations gaps.

Available with 2" cuff (#365DLX2DT) sizes M - XL.
