M12™ REDLITHIUM™ XC6.0 Extended Capacity Battery Pack

★★★★★ 3.7 (3) Write a review

Delivers up to 3X more runtime, 20% more power and 2X more life than standard lithium-ion batteries. The M12™ REDLITHIUM™ XC6.0 Compact Battery Pack features superior pack construction, electronics and performance to deliver more work per charge and more work over the life of the pack than any battery on the market. With Milwaukee durability built into each pack, this battery runs cooler and performs in climates below 0°F/-18°C. Managed by Milwaukee's exclusive REDLINK™ Intelligence, the battery features overload protection to prevent you from damaging your cordless

power tools in heavy-duty situations, while the discharge protection prevents cell damage. The temperature management system and individual cell monitoring help maximize battery life. Upgrade to the M12™ REDLITHIUM™ XC6.0 Extended Capacity Battery Pack to instantly increase the runtime and durability of your Milwaukee M12 **Close**

INCLUDES:

A Good Purchase!

Built a deer stand just after I bought this and just about built the whole thing with just this battery. Cutting, drilling and driving screws. Sad to hear of the other person's problems with his batteries. I have had very good luck with all Milwaukee batteries.

Yes, I recommend this product.

Not satisfied at all

I bought two m12 xc6.0 replacement batteries from Home Depot and out the box they would not charge or the charger would say it was a broken battery. I went back and exchanged them for two of the same batteries and again my charger say they both where a broken battery. I really love my m12 set of tools and wish i could get a set of working batteries.

No, I do not recommend this product.
