

## CHEMICAL RESISTANT GLOVES

Rough Tough features a high-quality PVC coating that provides excellent abrasion resistance as well as protection from oil, acids and caustics. Its unique, etched-on, crinkle-grip finish gives you an excellent grip, wet or dry, for safer, easier handling as well as additional protection from rough surfaces like metal castings and steel stampings. Launderable, Neo Hyde™ has a soft, two-piece jersey liner that enhances flexibility and worker comfort. Sanitized®
