

Fused Test Leads

- Double insulated, bi-colour silicone cable boasts 250+ copper strands for maximum flexibility and overall performance
- Fused leads protect user from shock, even if the instrument is fused
- Spiked blade allowing both receptacle and terminal point testing. Clear shutter ensures safety and visibility
- Universal plug compatible with all Industry Standard Instrument Sockets
- Compatible with new Tamper Proof receptacles
- 3/4" (1.95cm) Blade Length
