Height	6-1/4"
Width	6-1/4"

Overview

The Milwaukee® M18™ LED Flood Light delivers up to 30% brighter light output than corded 250W halogen lights. Designed to illuminate large workspaces on the jobsite, the cordless flood light uses 8 high-quality LEDs to provide 1,100 lumens and up to 1,300 lux. It's powered by the M18™ REDLITHIUM™ battery for up to 8 hours of runtime on a single charge. With its roll cage design and impact-resistant, replaceable lens, it stands up to the toughest working

conditions. This compact flood light features an octagonal shape so the light may be used at multiple angles. The versatile hanger provides hands-free use in a variety of applications. The light carries a limited lifetime LED warranty.

TRUEVIEW™ High Definition Lighting utilizes the most advanced lighting technology to deliver true representation of colors, optimized color temperature, and even beam patterns all designed to improve productivity and safety.
