Description

- Over center single flute design for cleaner holes and less splintering
- Unique cutting edge design for fast and smooth cutting action
- Shorter than the top competitor's bit for better access to tight spaces between studs and joists
- Perfect for drilling 2 IN and 4 IN joists
- Augers have self-feeding screw point that draws bit through all wood types with less operator fatigue
- Eliminates the need for special tools such as expensive right angle drills or multiple steps to cut the hole to size
- 1/4 IN hex quick change design for fast and easy use in all drill types
- Clearly marked with bit diameter and catalog number on shank for easy identification
