SURVIVES

MOST VERSATILE LIGHT ON SITE - The M18™ Radius™ LED Compact Site Light is the World's first high output cordless site light on the market, and has the ability to provide light in task, area, and overhead applications. With 4,400 lumens of TRUEVIEW™ High Definition output, the M18™ Radius™ LED Compact Site Light provides enough light to illuminate large work areas, and can be turned down to as low as 1,000 lumens for working in confined areas. A high impact polycarbonate lens, and IP54 ingress protection allows it to live in the toughest conditions. The combination of these technologies offers professionals the highest quality LED lighting solution, on or off the jobsite.

Features

- Lighting For Task, Area, and Overhead
- 4,400 Lumens for Maximum Coverage
- High Impact Polycarbonate Lens
- AC In and Out: String up to 10 together
- Protected AC Plugs
- Self-Centering Hang Hook
- 180 and 360 Electronic Light Control Low Battery indicator
