TAB/L

TVTALG

BeSeen Hi-Viz Reflective Traffic Vests

Our new style of tear-away vests, has five velcro points of release, both shoulders, both waist straps and the front closure. With a regular traffic vest there is a concern of getting caught on a passing vehicle or truck load and getting dragged, as the extremely strong polyester mesh that traffic vests are made of will not rip. Our vests have 2" fluorescent lime yellow prismatic retro-reflective stripes on the front and a cross pattern on the back. Our reflective arm bands are 2" wide, lime yellow polyester elasticized with natural rubber.

- TVDTA-X Retro-reflective traffic vest, deluxe 5 point tear-away, 2" wide retro-reflective stripes on adjustable side straps
- TVDTA-XXL As above, Size XXL
- TVTAOR Deluxe, Polyester/Mesh, 5 point tear-away vest, CSA Approved, 3M™ Reflective striping on the back and front
- TVTALG 100% Polyester, 5 point tear-away vest, 3M™ Reflective striping on the back and front
- TAB/L Reflective arm band, Velcro closure, Size L

Engineered hand protection for every industry®
